HARLAN P. KELSEY, Owner
SALEM, MASS.

SPECIALTIES FOR THIS SEASON

- 20,000 Azalea lutea, 6 in. to 4 ft. clumps.
- 35,000 Rhododendron catawbiense, 6 in. to 6 ft. clumps.
- 20,000 Stenanthium robustum, new.
- 30,000 Lilium superbum, first size bulbs.
- 8,000 Lilium carolinianum, new.
- 3,000 Tsuga caroliniana (The Rare Carolina Hemlock)

TERMS, ETC.

Terms are cash or satisfactory reference from unknown parties. Accounts due first of each month, unless by special arrangement.

Shipments usually direct from Highlands Nursery, from Pineola, N. C., freight station. New special freight rates. Special express rates connecting with Norfolk steamers. Rates from our Rhododendron fields in Pennsylvania and from Nursery in Salem, Mass., on request.

Packing charged at cost only; our export shipments reach the most remote countries in perfect condition.

Send foreign remittances by Postal Money Order, drawn on Boston, Mass., postoffice, or by New York or Boston Exchange. An American dollar equals 4 shillings, 4 marks or 5 francs.

Claims must be made on receipt of goods. All shipments travel at consignee's risk.

Shipping begins in August, when we send out large Rhododendrons, Kalmias and other Evergreens, and Bulbs and Herbaceous Plants; general stock going out in October and November, and in spring, from about March 1 to May 15. Give shipping instructions, unless you wish to leave it to us. We use our best judgment, but assume no risk.

A Certificate of Inspection is sent out with every shipment.

Strictly hardy stock only is offered in this catalog, unless specially noted.

We publish a beautifully illustrated descriptive catalog.

We make low prices on large lists of nursery stock desired, and are glad to estimate.

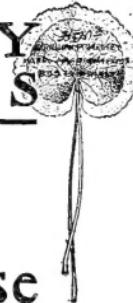

HARLAN P. KELSEY, Prop.

KELSEY'S HARDY AMERICAN PLANTS

The Only Large Stock Ever Offered
of the True

Rhododendron catawbiense

CAROLINA RHODODENDRON

Do not confuse this with the **common** so-called "**catawbiense seedlings**" imported from Europe, which is in reality a half-hardy, poor-flowered hybrid with little catawbiense blood in it. The true species grows only in the highest Southern Allegheny mountains, and is the **finest of all Rhododendrons**, considering its extreme hardiness, color of flower, and remarkable texture of foliage, which is a deep shiny green, far superior to that of the better known **Rhododendron maximum**.

For massing and producing a broad-leaved evergreen effect, there is no plant equal to it in the latitude of the northern United States, where strictly hardy plants must necessarily be used. Unlike **R. maximum**, it is a **free bloomer**, the large trusses being a **bright red-purple** color, in marked contrast to the **muddy** purple of the common half-hardy hybrid noted above. All plants offered below are **heavy clumps**. Packing is done in **boxes**, or the larger sizes in **crates**, and is charged at cost. These clumps often have 30 to 50 stems, and are bushy to the ground. We offer both collected and transplanted clumps.

We have magnificent fields for collecting this grand Rhododendron, with reasonable freight rates. Parks, cemeteries and nurserymen should write us for special prices in car lots.

PRICES OF RHODODENDRON CATAWBIENSE

Nearly all clumps over 1 foot are heavily budded

Note specially prices of Rhododendron and Kalmia clumps
at Salem Branch will be 25 per cent above these rates

NURSERY-GROWN

Bushy plants with balls and extra furnished, diameter of clumps corresponding to height

	Per 10	100	1,000
3 to 6 inches.....	\$0 60	\$4 50	\$30 00
6 to 9 inches.....	1 00	8 00	70 00
9 to 12 inches.....	1 50	12 00	100 00
Clumps, 6 to 9 inches.....	2 00	18 00	
Clumps, 9 to 12 inches.....	3 50	25 00	
Clumps, 1 to 1½ feet	5 00	40 00	
Clumps, 1½ to 2 feet	11 00	90 00	
Clumps, 2 to 3 feet.....	20 00	150 00	
Clumps, 3 to 4 feet.....	35 00	300 00	

Some extra clumps, 3 to 5 feet high, at \$4 to \$15 each. These prices are for stock growing at nursery in North Carolina. Add 25 per cent to get Salem prices.

COLLECTED

All bushy clumps with fine balls, diameter corresponding to height

	Per 10	100	1,000
1 to 1½ feet	\$3 00	\$25 00	\$210 00
1½ to 2 feet	6 00	50 00	420 00
2 to 2½ feet	9 00	70 00	600 00
2½ to 3 feet	15 00	120 00	950 00
3 to 4 feet.....	25 00	225 00	1,800 00
4 to 5 feet.....	40 00	350 00	

We offer some large clumps with fine bushy tops, thin-foliaged at bottom, for use in center of large masses, 3 to 6 feet high, at 75 cts. to \$10 each, both nursery-grown and collected.

Do not compare the **many-stemmed** clumps offered above with the **single-stemmed** "bushy" half-hardy Rhododendrons offered by importers. There is no comparison.

KELSEY'S HARDY AMERICAN PLANTS

Rhododendron maximum

THE GREAT AMERICAN ROSE BAY

and Rhododendron punctatum

PERFECTLY HARDY IN THE LATITUDE OF QUEBEC

The use of large native *Rhododendrons*, *Kalmia* and *Leucothoë*, for producing immediate, finished, broad-leaved, evergreen effects is so well established as to scarcely need comment. There is no other possible way to obtain the results to be had by the use of these magnificent hardy evergreens. We sell both collected and nursery-grown clumps in any quantity. Our facilities and long experience are approached by none, and the quality of stock we handle cannot be duplicated. We have over 100,000 Rhododendrons and Kalmias growing in our Nurseries, fine bushy plants with balls.

Our nursery-grown stock is at Highlands Nursery, in N. C., and Salem, Salem Branch, while we collect car-load lots from special sources in the **Pennsylvania** and **Carolina Mountains**. **Prices per car-load** of *Rhododendron maximum* vary with size and grade.

Freight rate from our Pennsylvania fields to Boston, New York, Philadelphia, Buffalo and similar points is from \$20.00 to \$40.00 per car. Number of plants to the car varies from forty or fifty to several hundred, according to size and grade.

It is always best to have us make a special estimate where large quantities are desired, and it is cheaper and more satisfactory to buy by the plant, and have cars packed to the utmost limit.

PRICES BY THE PLANT

RHODODENDRON MAXIMUM

All are bushy and with balls, and the larger clumps usually budded and all well furnished, diameter corresponding well to height.

NURSERY-GROWN		Per 10	100	1,000
3 to 6 in.		\$0 40	\$2 50	\$18 00
6 to 12 in.		75	5 00	40 00
1 to 1½ ft.		1 75	12 50	100 00
1½ to 2 ft.		3 00	20 00	180 00
Clumps, 9 to 12 in.		3 00	20 00	
Clumps, 1 to 1½ ft.		3 50	30 00	
Clumps, 1½ to 2 ft.		7 00	60 00	
Clumps, 2 to 3 ft.		12 50	115 00	
Clumps, 3 to 3½ ft.		30 00	250 00	

Some extra clumps, 3 to 6 ft., at \$3.50 to \$10 each. These prices are for stock growing at Nursery in North Carolina. Prices for stock growing in Nursery at Salem, Mass., 25 per cent above these prices.

COLLECTED CLUMPS		Per 10	100	1,000
1 to 1½ ft.		\$3 50	\$30 00	\$225 00
1½ to 2 ft.		5 00	40 00	350 00

4 to 5 ft.		30 00	200 00	1,600 00
5 to 6 ft.		50 00	400 00	

Some magnificent clumps, 4 to 6 feet, perfect specimens, from \$6 to \$15 each. If you want something extra, we have it.

RHODODENDRON PUNCTATUM

The smallest Alleghanian species, and very rare. A graceful shrub, with rose blossoms borne in greatest profusion in June. Beautiful for rocky slopes and cliffs, as it stands exposure unusually well. One of the finest species ever introduced.

3 to 6 in.	6 to 9 in.	9 to 12 in.	Clumps, 9 to 12 in.	Clumps, 1 to 1½ ft.	Nursery-grown only	Per 10	100

A TRADE PRICE-LIST OF NEW and RARE Hardy American Lilies Cypripediums and Trilliums

HIGHLANDS NURSERY, North Carolina
SALEM BRANCH, Salem, Mass.

A single panicle and mass of Stenanthium from photos taken at Highlands Nursery

A New Remarkable Carolina Mountain Plant

STENANTHIUM ROBUSTUM (Mountain Feather Fleece)

This remarkable hardy perennial is, without doubt, one of our best new introductions, and may be classed with the showiest of all herbaceous plants. As the buds begin to unfold in early August they are quite upright, and of a light green tinge, gradually becoming whiter until at last they burst forth into a veritable snowbank of drooping, fleecy bloom of purest white, the panicles often 2 to 3 feet long. In September the flowers, as they ripen, turn to shades of pink and purple. It is a vigorous perennial, attaining a height of from 5 to 8 feet when well established, and is absolutely hardy throughout the United States and Canada.

The Mountain Feather Fleece is of easy cultivation, and, if given plenty of food, makes a wonderful show equaled by few plants of any description. Give rich soil and ordinary border location.

The illustration gives some idea of the wonderful effect of Stenanthium when in full bloom, but inadequately conveys the beauty of the delicate, feathered, drooping flowers. When known, it will be planted by thousands.

The Most Beautiful of All American Terrestrial Orchids

The Showy Ladies' Slipper

Cypripedium reginae (spectabile), growing in a city garden

Hardy Cypripedium reginae (spectabile)

Showy Ladies' Slipper

Flower of the Showy Ladies' Slipper

This is truly the queen of all the family of Hardy American Orchids. It is extremely rare and shy, having retreated to the cold, deep cedar swamps of our Northern United States and Canada. The exquisite beauty of the Ladies' Slipper is unsurpassed, the broadly ovate sepals and petals being of purest downy white, while the large inflated pouch is a soft red rose-color.

It has in the past been considered difficult to grow successfully, but, with proper preparation of soil and location, anyone may have a gorgeous display of this the most beautiful of hardy Orchids. A deep soil (24 inches) of peat or muck, mixed with sand and sphagnum moss, in a moist and shady location, with a heavy mulching of sphagnum and leaves, are the most ideal conditions for best success. But a good Rhododendron bed offers a good situation, and Mr. Wm. C. Egan, of Egandale, Chicago, has had a successful colony for many years in rich garden soil on the north side of his residence.

Blooms in June and early July.

Plant so crowns are four to six inches below the surface of the ground.

We have a splendid stock of strong clumps, now ready to ship.

TRADE PRICES. CYPRIPEDIUM REGINÆ (spectabile).

	Per 10	Per 100	Per 10	Per 100

The Best Trilliums and the Blood Root

or *Sanguinaria canadensis*

There are no more beautiful spring-flowering plants than the Trilliums. For best effects they should be planted in large masses, on hillsides or among shrubbery. But a strong clump of *grandiflorum* or other species in the border garden is a joy in the early spring, while the snow-white Blood Root is one of the happiest of all April's floral offerings. We have supplied them for single plantings in lots of many thousands.

TRILLIUM erectum. Erect Wake Robin. 8 to 16 inches. Large red fruit, very ornamental. Brown-purple, often greenish. April and May.

grandiflorum. Large-flowered Wake Robin. 8 to 10 inches. The finest and largest species. Flowers 2 to 3 inches across, in April and May. One of our best early spring flowers. White, turning rose-color or marked with green.

stylosum. Nodding Trillium. 1 to 1½ feet. Our rarest mountain species. April and May. Large wavy petals of beautiful pink.

sessile californicum. White. A beautiful Californian species.

undulatum. Painted Wake Robin. 8 inches. Earliest, blooming in April. Showy flowers and fruit. White, with purple stripes.

The Blood Root (*Sanguinaria canadensis*)

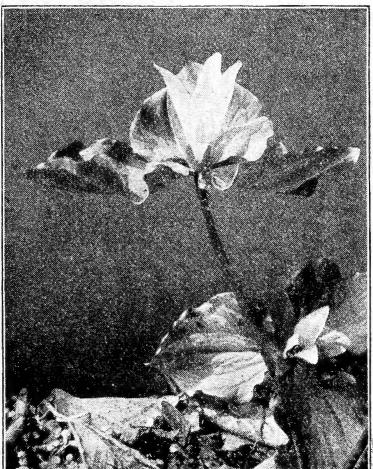

TRADE PRICES

Lilium superbum, a specialty

One of our best hardy native Lilies

The Choicest Hardy American Lilies

LILIUM carolinianum. The Sweet-scented

Carolina Lily. A beautiful new and heretofore but little-known species, of the recurved type, with very fragrant orange flowers. Usually from one to three flowers on a stem. It should be planted in a mass for best effect, as in fact most bulbous plants should, or placed in the Rhododendron or shrubbery border.

	Per 10	Per 100	Per 1000
First size . . .	\$1.50	\$8.00	\$70.00
Second size75	5.00	40.00

LILIUM superbum. Turk's Cap Lily.

No description will do justice to this magnificent American superbum. Turk's Cap Lily. Golden recurved petals, the flowers in perfect pyramids, often 40 on a single stalk. A clump of them is literally a blaze of scarlet and gold. For years we have made the growing of this lily a specialty, and send out thousands of bulbs every season. Our stock this season is very fine, and we are offering it at a low price for the benefit of those wishing to make mass plantings. Of special use for planting in rhododendron beds.

	Per 10	Per 100	Per 1000
First size . . .	\$0.75	\$5.00	\$40.00
Second size50	3.00	25.00
Third size25	1.50	10.00

grayi. Introduced by me in 1888, it has proven the leader of the bell-shaped type of hardy lilies. Dark red, brown petals beautifully spotted. An exquisite species and very rare. Our stock is exclusive and of first quality. The bulbs are never very large.

	Per 10	Per 100	Per 1000
